

TANDEM SQUARE FLANGED BUSHES

Tel. 01908 511733

EURO-BEARINGS LTD

www.euro-bearings.com

These tandem (i.e. double length) square flanged ball bushings are made to the European sizes and have the same characteristics and loadings as our popular range of round flanged ball bushings.

The flange provides a simple but robust mounting system. The ball bushing has 2 integral shaft wiping seals and a polyamide ball retainer.
